

Dear Weston Creek Resident

## Changed Traffic Conditions on Cotter Road

I am writing to advise you of a number of projects along Cotter Road and adjacent areas that will be undertaken over the next three years as part of the infrastructure requirements for the new suburbs in the Molonglo Valley.

While Cotter Road will continue to remain open to traffic during the various construction phases, there will be delays during peak times.

The projects include;

- Upgrading the intersection of Cotter Road and Kirkpatrick Street. Due to commence in late September 2011, construction is scheduled to take 9 months;
- Upgrading the Cotter Road and Streeton Drive Intersection. Construction on this project is expected to commence in early 2012;
- Upgrading the Unwin Place and Dixon Drive intersections with Streeton Drive. This project will combine the existing staggered T intersections into a single intersection with traffic lights. Design work is currently underway;
- Upgrading Cotter Road east of Tuggeranong Parkway to Adelaide Ave. Design work is currently underway.

The areas marked in green on the map on the reverse of this letter indicate where the works will be undertaken.

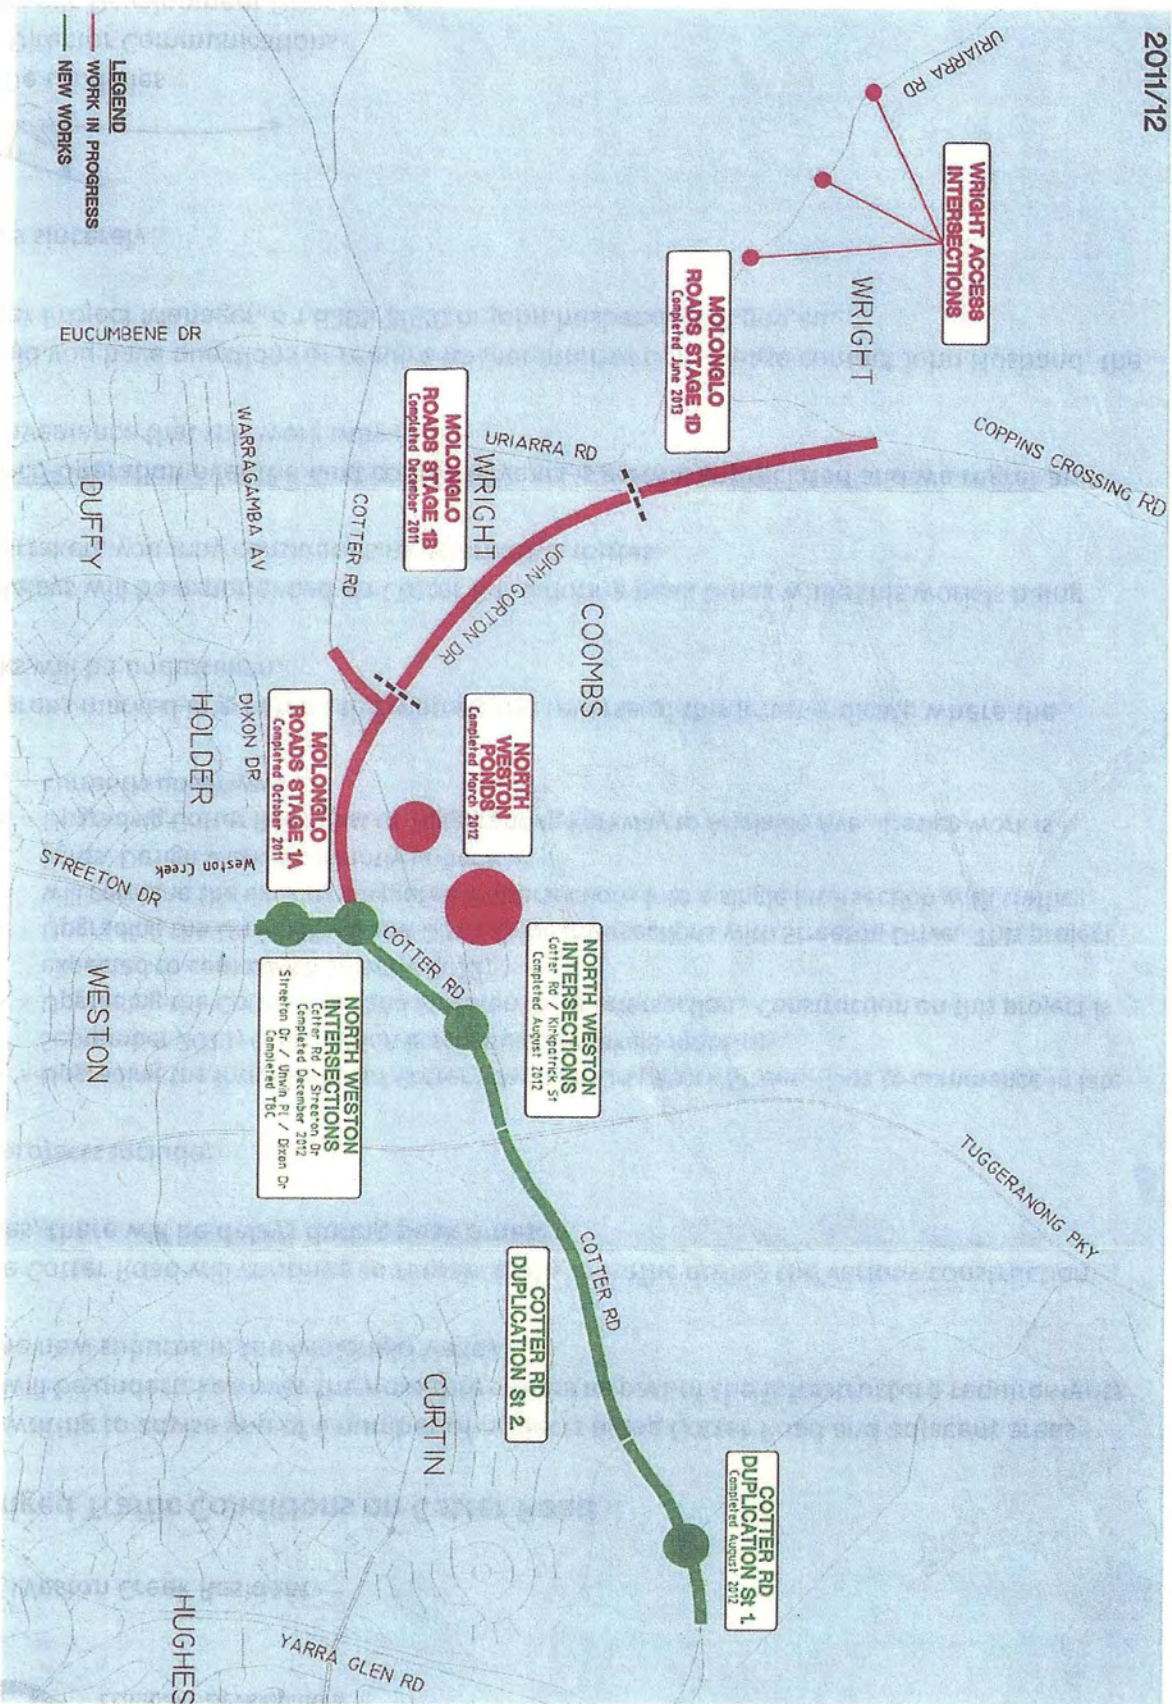

As delays will be experienced on Cotter Road during peak times while this work is being undertaken, you may consider using alternative routes.

Your co-operation over the next couple of years is greatly appreciated and we regret any inconvenience that this work may cause.

Should you have questions or require further information, please contact John Husband, the Senior Project Manager, on 6205 2920 or [john.husband@act.gov.au](mailto:john.husband@act.gov.au).

Yours sincerely

Ian De Landelles
